## 4. Financial Analysis & Insights

### Key Financial Insights (2024-01 to 2025-05):

#### Cash Flow Overview:

- Invoice payments were recorded on the last payment date. Because monthly cash inflows and outflows do not reconcile, this implies that invoice payments may have been made in multiple installments
- Invoice payments represent 97.6% of total bank deposits

#### Bank Distribution:

- Chase Bank: 11.5% of total deposits
- Popular Bank: 87.4% of total deposits
- Wells Fargo: 1.1% of total deposits

#### Payment Patterns:

- Average monthly invoice payments: \$1,009,720.23
- Peak payment month: \$1,517,289.92
- Total invoices processed: 3,308
- Average invoices per month: 194.6
- Months with payments: 17 out of 17 total months
